Dear Smt. Usha Sharma Ji,

The Prime Minister Sh. Narendra Modi's call of "Vikasit Bharat" by 2047 is extremely significant. He has rightly said that for a developed India, trust and credibility are critical and the ultimate aim for any civilised nation is to usher in a corruption free society. The roadmap to a developed India definitely lies in striving for a corruption free nation and a multipronged strategy of preventive, punitive and participative vigilance coupled with high integrity and moral values constitute the holistic approach for the way forward. The initiative of optimizing the use of technology is bound to be a deciding factor in eradication of corruption from public life as technology would ensure elimination of human intervention and use of discretion in decision making process, which would help in equal opportunities to all and cherished dream of a developed nation, based on ethical conduct will be realized.

Parliamentary and Administrative Research Institute (PARI), sharing the dream of the Prime minister to put India into the 'Developed Nations' category, by 2047 and aligning with the mission and vision of the Central Vigilance Commission (CVC), has been running capacity building courses on Preventive Vigilance, Vigilance Administration and Good Governance for the mid and senior level officers/executives working in the ministries/departments, Autonomous Bodies, CPSEs under the Central and State governments including State Assemblies.

PARI in collaboration with "International Anti-corruption Academy" (IACA), based in Laxenburg, Vienna, Austria has successfully organized a "Tailor-Made Leadership Training Programme on Anti-Corruption and Good Governance" during the first week of March 2024. The IACA was established by the United Nations Office on Drugs and Crime (UNODC), INTERPOL, the European Anti-Fraud Office (OLAF) and the Republic of Austria. Its mission is to deliver and facilitate anti-corruption education and training for professionals and practitioners from all sectors. Their holistic curricula address a wide range of disciplines and cater to various regions of the world. Furthermore, they also advance an understanding of the cross-cutting and devastating nature of corruption and thus call for a broader contextualization. Encouraged by the feedback and encouraging responses, PARI and IACA have decided to organize the second batch of "Tailor-Made Leadership Training Programme on Anti-Corruption and Good Governance" from **21st to 28th June 2024** at New Delhi and Vienna. The detail of the course contents, schedule, fees etc. has been given in the attached brochure.
