SUBJECT: Knowledge Co-creation Programme (International Study Tour), Executive Development Programme & Onsite Training Program - Call for Nominations

Dear Sir/Madam,

Greetings from **National Institute Of Secretariat Training & Development (NISTD)**, (Established by Govt. of NCT of Delhi, Labour Department) registered Under the Societies Registration Act XXI of 1860, serves as a autonomous body for different sectors of the Indian industry. The primary objective of NISTD is to provide training to officers belonging to the Central/State Government Service, as well as officers from other organized/subsidiary services that operate within the State and Central Government. This training aims to enhance the skills, knowledge, and capabilities of these officers, enabling them to perform their duties more effectively and efficiently. In essence, it plays a crucial role in the **professional development of government officers**, contributing to the overall improvement of administrative services within the central and state government.

In response to the demands of today's rapidly changing business environment, continuous evolution, and enhancement of one's knowledge base are essential. While experiential learning remains invaluable, staying abreast of emerging technologies and best practices, particularly in technical realms, is imperative for project productivity and overall work effectiveness. We are thrilled to introduce our specialized program, the Study Tour for Construction Professionals, meticulously designed for executives and decision-makers in various sectors including local, state, and central government, as well as the corporate sphere. By facilitating international tours, our program aims to **provide participants with a comprehensive understanding of cutting-edge practices and innovations globally**. As India positions itself on the global stage, this initiative is poised to empower participants with the insights and exposure required to contribute effectively to the nation's growth.

The Capacity Building program, facilitated through Technical Cooperation Programs with various governments and international partners, encompasses a diverse range of thematic areas aimed at enhancing leadership, managerial skills, and business administration. The program addresses critical global challenges while emphasizing the development of **"Smart and Sustainable Cities"**. It offers a comprehensive array of training initiatives, spanning disciplines such as:

- Seismology
- Earthquake Engineering
- Tsunami Disaster Mitigation
- Operation and Maintenance of Urban Water Supply Systems
- Public Health
- Food Security
- Civil Supplies
- Disaster Risk Reduction
- Infrastructure Development
- Gender Mainstreaming Policies
- Renewable Energy
- Forestry Management.

Through these initiatives, participants **gain valuable insights into modern management practices**, enabling them to effectively contribute to the growth and sustainability of urban centres. The

collaboration with governments from Europe, UAE, Russia, Japan, and Southeast Asian countries underscores the international nature of this endeavour, fostering cross-cultural learning and knowledge exchange to address the complex challenges of our rapidly evolving world.

The Executive Development Programs offered by the National Institute Of Secretariat Training & Development (NISTD) are rooted in a philosophy of continual learning, making them highly suitable for busy working executives.

These programs are specifically designed to cater to the needs of professionals who face time constraints and challenges in enrolling for traditional lengthy courses. They serve as a valuable opportunity for individuals who have been unable to **access up-to-date managerial tools and techniques through formal education**. By delivering concise yet comprehensive content, NISTD'S Executive Development Programs enable participants to stay updated with the latest advancements in the business world and enhance their managerial skills effectively.

These training topics hold significant relevance for modern government operations:

- Office Systems and E-Governance are crucial for streamlining administrative processes and embracing technology-driven citizen services.
- Stress Management ensures the mental and emotional health of government officials, translating to better decision-making.
- Project and Financial Management are essential for efficient resource allocation and successful project execution.
- Quality Control maintains high standards in government projects, while Record and Database Management facilitate informed decisions and transparency.
- Change Management enables smooth transitions, and Gender Sensitivity fosters an inclusive workplace.
- Leadership, Public Procurement, and Contract Management are vital for effective governance, and understanding the Right to Information Act ensures transparency.
- Digital Transformation enhances service delivery,
- Hazardous Waste Management aligns with environmental goals.

Overall, these topics collectively **empower government employees, promote ethical practices, and elevate the efficiency and accountability of public service endeavours**.

Subject: Knowledge Co-creation Programme (International Study Tour) - Call for Nominations

Dear Sir/Madam,

National Institute of Secretariat Training & Development (NISTD), registered Under the Societies Registration Act XXI of 1860 serves as a autonomous body for different sectors of the Indian industry. The primary objective of NISTD is to provide training to officers belonging to the Central/State Government Service, as well as officers from other organized/subsidiary services that operate within the State and Central Government. This training aims to enhance the skills, knowledge, and capabilities of these officers, enabling them to perform their duties more effectively and efficiently. In essence, NISTD plays a crucial role in the professional development of government officers, contributing to the overall improvement of administrative services within the central and state government.

In response to the demands of today's rapidly changing business environment, continuous evolution and enhancement of one's knowledge base are essential. While experiential learning remains invaluable, staying abreast of emerging technologies and best practices, particularly in technical realms, is imperative for project productivity and overall work effectiveness. We are thrilled to introduce our specialized program, the Study Tour for Construction Professionals, meticulously designed for executives and decision-makers in various sectors including local, state, and central government, as well as the corporate sphere. By facilitating international tours, our program aims to provide participants with a comprehensive understanding of cutting-edge practices and innovations globally.
